Good morning,

RE: NPC/NIRB Joint Public Review of the Baffinland ERP Transportation Corridor
Please find attached the Advertisement and Agenda for the upcoming joint Public Review to be conducted by the Nunavut Planning Commission (NPC) with the Nunavut Impact Review Board for the proposed Baffinland ERP Transportation Corridor. Also attached is the NPC's Rules of Procedures for Public Hearings and Review.

The Public Review will be conducted Jan 7 to January 10, 2014 in the Communities of Clyde River (Jan 7), Grise Fiord (Jan 8) Resolute (Jan 8), Arctic Bay (Jan 9) and Pond Inlet (Jan 10). The agenda will be the same for each community aside from the start times.

Feedback received during the Public Review will be used to assist the Nunavut Planning Commission to determine whether to recommend an amendment to the North Baffin Regional Land Use Plan to allow the proposed Transportation Corridor. Persons potentially affected by the ERP who are interested in becoming a participant in these proceedings, or in providing comments in writing or at the Public Review, are encouraged to contact the NPC for further information.

A translated copy of the attached will be provided shortly.

Sincerely,

Christopher Tickner MCIP, RPP
