Hello everyone,

This information to KIA, KHTO, and Hamlet of Kugluktuk that this NPC draft plan will hurt our future and your kid's future for Kugluktukmiut, we will have nothing left to do in our Nunavut lands.

Kevin strongly agrees not to support the NPC with the presentation they gave Kugluktukmiut. Bobby asked who we give this to, to oppose NPC plan? Jorgen said he don't agree with this either and he is not in favor for this to go through. Colin said it's a bad idea too, the way they gave this presentation to Kugluktukmiuts.

1st Kevin Klengenberg, 2nd Bobby Anavilok, M/C#130/2016.

That the KHTO is not in favour of this support, as there are too much restrictions for the Kugluktukmiut people. Needs to send out to KRWB and cc the MLA, NPC, KIA, and the Hamlet of Kugluktuk. Motion has been Carried.
