Reference: A. Nunavut Land Use Plan, Draft 2011/2012, Nunavut Planning Commission		
B. Comment from Government of Canada Technical Priorities and Comments Draft Nunavut Land Use Plan Technical Submission – July 2013		
1. Ref A The whole document		References to CF (Canadian Forces) must now be changed to CAF (Canadian Armed Forces).
2. Ref A Definition, pages 6-8		DND Establishments. DND/CAF would like to insert the following definition in your Definition Section of the DNLUP. Definition: <ul style="list-style-type: none"> ○ DND Establishments: as an installation together with its personnel and major equipment, organized as an operating entity.
3. Chapter 4, Building Healthier Communities Para 4.5 Sovereignty		<p>DND/CAF supports the implementation of the GoC Northern Strategy. The GoC has given CAF three roles:</p> <ul style="list-style-type: none"> ○ Defending Canada ○ Defending North America ○ Contributing to International Peace and Security <p>In the Arctic, CAF must have the capacity to exercise control over and defend Canada's sovereignty. As activities and development on land and waters increases in Northern regions, the military will play an vital role in demonstrating a visible Canadian presence and helping other government agencies to respond to any threats which may arise. Specifically CAF will maintain the capacity to:</p> <ul style="list-style-type: none"> - Provide surveillance of Canadian territory and air and maritime approaches; - Maintain search and rescue response capabilities that are able to reach those in distress anywhere in Canada on a 24/7 basis; - Assist civil authorities in responding to a wide range of threats from natural disasters to terrorist attacks. <p>In support of our role and mandate, we believe that DND Establishments and sites should be included in another Land Use Designation and not in the Building Healthier Communities. After reviewing the NPC Broad Planning Policies, Objectives and Goals (1) we suggest that DND/CAF would be best located within the first Goal 1: Strengthening Partnership and Institutions. This land use designation would be a new one added to the Draft Plan.</p> <p>(1) Source: Nunavut Planning Commission Broad Planning Policies, Objectives and Goals, 10 November 2007, Cambridge Bay, NU.</p>

Submission on the Draft Nunavut Land Use Plan and/or Options and Recommendations 2011-2012

Date

		<p>According, the Commission's Objective is to:</p> <ul style="list-style-type: none"> ○ promotes an integrated approach that acknowledges the roles and supports the continued implementation of cooperative management processes of all departments and agencies with responsibility for air quality, land, water and resource management, as well as traditional land users. It avoids duplication and maximizes available resources. <p>This land use designation would better represent DND/CAF role in the North.</p>
<p>4.</p> <p>Ref B – Section 1 p. 3</p>		<p>Ref statement: AANDC should have full access to Northern Contaminated Sites.</p> <p>DND/CAF agrees that AANDC should have access to Northern Contaminated Sites which they are responsible for under the MOU between both departments (DND/AANDC), dated 1984.</p> <p>As the 6 sites listed below are co-located with active North Warning System sites, we recommend that the permitted access by restricted to the DEW line remediation areas and not to the North Warning System site and installations.</p> <p>Recommend the following wording for the following 6 sites:</p> <ul style="list-style-type: none"> - BAF- 5 Resolution Island - CAM-B Hat Island - CAM-D Simpson Lake - FOX-A Bray Island - FOX-B Nadluardjuk Lake - FOX-1 Rowley Island <p>- Permitted Uses: Remediation and Reclamation Activities, DND Operations and Activities, AANDC Remediation Activities</p>
<p>5.</p> <p>Ref A p. 41 BHC-9 Designation</p>		<p>The following sites listed are Distant Early Warning System sites.</p> <p>We suggest adding the site names as well as code name for ease of reference especially with the residents and communities of the NSA.</p> <p>Recommend removing the existing list and replacing with the following list:</p> <ul style="list-style-type: none"> - PIN-2 Cape Young - PIN-3 Lady Franklin Point

Designation

The following sites listed in this section are active North Warning System sites which are part of the North American Air Defence Modernisation Project.

We suggest adding the site names as well as code name for ease of reference especially with the residents and communities of the NSA.

Recommend removing the existing list and replacing with the following list:

Zone 1 – Inuvik
