Sharon Ehaloak
Executive Director
Nunavut Planning Commission

Re: Letter of support for the Beverly and Qamanirjuaq Caribou Management Board submission to the Nunavut Planning Commission's public hearing regarding the draft Nunavut Land Use Plan

Dear Ms. Ehaloak:

The Nunavut Wildlife Management Board (NWMB or Board) has received a letter from the Beverly and Qamanirjuaq Caribou Management Board requesting support for their submission to the Nunavut Planning Commission's public hearing regarding the draft Nunavut Land Use Plan.

The Nunavut Wildlife Management Board supports the eleven (11) primary recommendations by the Beverly and Qamanirjuaq Caribou Management Board in their February 14th 2014 submission to the Nunavut Planning Commission (attached; page 3). In particular, the Nunavut Wildlife Management Board agrees that the Nunavut Planning Commission should develop land use designations that prohibit any new exploration and development in caribou calving and post-calving grounds. Caribou cows and calves are most sensitive to disturbance during the calving and post-calving season. Therefore, the NWMB is concerned about the effects of exploration and development in these areas and how this may affect productivity and herd size.

If you have any questions or concerns regarding the contents of this letter, please do not hesitate to contact the NWMB.

Sincerely,

Sincerely,

Ben Kovic

Ben Kovic
Chairperson of the
Nunavut Wildlife Management Board
