We hope you will be able to meet with us. As the Chairperson, I will be attending the community sessions, along with the Commission's Executive Director. During the community meetings in the afternoon and evening, we will focus the discussion on the 2016 DNLUP around the following priority issues:

- Community views on how the 2016 Draft Plan proposed to manage land use in important areas such as:
 - Caribou calving areas, post-calving areas, freshwater crossings, and sea ice crossings
 - Key migratory bird habitat sites near your community
 - Community on-ice travel routes
- Should some uses not be allowed in these areas, or are there other ways that they can be managed?
- Have the areas been identified correctly?
- How economic opportunities including existing mineral rights and proposed roads could be affected by the land use plan.
- Are there other areas so important to your community that the land use plan should tell others how they should be used?

We look forward to hearing from you regarding your availability to meet with us at 10:00 AM on January 28, 2020. It would be appreciated if you could confirm your availability with us by December 20, 2019. If you have any questions or need additional information, the Commission's Director of Policy and Planning, Brian Aglukark, can be contacted at (867) 857-2242 or email aglukark@nunavut.ca.

Respectfully,

Andrew Nakashuk
Chairperson
Nunavut Planning Commission
