Hello Jonathan, Goump, Brian,

Thank you for your response to our written submission on the draft agenda for the public hearing on the proposed amendment# 3 to the North Baffin Regional Land Use Plan, and the opportunity to provide further input on the proposed list of issues.

We are pleased to see that the revisions to the public hearing agenda incorporate the comments that NPC has received.

The proposed list of issues reflects questions raised in the submissions regarding the proposed amendment. We are concerned that these issues are expressed in a manner that does not clearly outline the information the NPC is seeking from participants to the public hearing. As the primary purpose of the public hearing is to solicit insights from the community members on the proposed amendment, we strongly recommend that the issues listed be further clarified so that this public hearing will remain focused on facilitating meaningful community sharing and dialogue on the proposed amendment.

We look forward to receiving the revised agenda that incorporates the proposed list of issues in a focused manner. Due to the short timeline for review, we realize our comments are general rather than specific. Therefore, if you have any questions or need clarification, please contact me at 867-975-4572 or at [Lihua.huang@canada.ca](mailto:Lihua.huang@canada.ca).

Yours truly,

Lihua
