Dear Mr. Enook,

RE: Correspondence concerning the North Baffin Regional Land Use Plan in relation to the Mary River Project

Thank you for your letter dated March 26, 2018 and for bringing your concerns to our attention.

We understand the importance of the Mary River Project to the community of Pond Inlet and the impact of the North Baffin Regional Land Use Plan.

Going forward we will ensure the Mayor, the Municipal Council of Pond Inlet, the community's MLA, and Nunavut's federal Parliamentarians are copied on future correspondence in Inuktitut and English concerning the amendment of the North Baffin Regional Land Use Plan in relation to the Mary River Project. Please note that participants in the public review of the proposed amendment to the North Baffin Regional Land Use Plan have been receiving materials associated with the review through a separate distribution.

I would also like to clarify that correspondence associated with this proposed amendment is separate from the decisions related to individual project proposals that the Commission regularly issues, and anyone interested in receiving notifications for specific land uses in specific areas are able to sign up for them through our online public registry.

Respectfully,

Andrew Nakashuk
Chairperson, Nunavut Planning Commission

CC: Joshua Katsak, Mayor, Municipality of Pond Inlet
Council Members, Municipality of Pond Inlet
Aluki Kotierk, President, Nunavut Tunngavik Incorporated
PJ Akeeagok, President, Qikiqtani Inuit Association
The Honorable Paul Quassa, Premier of Nunavut
The Honorable Joe Savikataaq, Minister of Environment, Government of Nunavut
Megan Lord-Hoyle, Director Corporate Sustainability, Baffinland Iron Mines Corp
Elizabeth Copland, Chairperson, Nunavut Impact Review Board
Hunter Tootoo, Member of Parliament for Nunavut
The Honorable Carolyn Bennett, Minister of Crown-Indigenous Relations and Northern Affairs,
Government of Canada
Dennis Patterson, Senator for Nunavut
