AHTO-01	Arviq HTO	2/10/2014	DNLUP	2.1.2	Caribou	We Arviq Hunters & Trappers Organization of Repulse Bay fully support to protect our caribou from mineral explorations which Lutsel K'e Dene fear that explorations could threaten the livelihood of the caribou.	The revised DNLUP addresses calving and post-calving areas. Areas where there is no mineral potential have been protected from development. This amounts to nearly 5% of the NSA. Areas where there is believed to be mineral potential or existing mineral rights the Plan proposes cumulative impacts referrals and other Terms to ensure only project proposals that have been screened for impacts will be able to proceed into the regulatory process. The Plan also prioritizes research that needs to be undertaken to better protect caribou.
