Re: NPC Comfort Letter

Dear Lee Ann,

Thank you for your email of April 28, 2011 regarding the Nunavut Planning Commission March 1st letter from Sharon Ehloak, Executive Director to David Akeeagok, Deputy Minister Department of Environment.

The letter from Mrs. Ehloak is not a draft. The letter sets out the approach that will be undertaken to guide the Commission in the collection and application of data provided to it by all planning partners to facilitate implementation of our mandated obligations.

On a related note I have attached the Issues and Priorities document compiled between January – November 2009 in consultation with the Government of Nunavut (GN) and others. The GN has not responded to many of the requests contained in this document. The Commission will require the data and expert advice requested no later than May 20, 2011 so that it may be considered in the Draft Nunavut Land Use Plan.

Respectfully,

Adrian Boyd
Director, Policy
