Dear Mr. Dwyer, Mr. Morrison, Ms. McCaie, Mr. Chapple, Mr. Geoff, Ms. Bergsma:

**RE: NPC File # 149603 [Renewal of Quarry pit]**

The following works and activities have been proposed in the above-noted project proposal:

1. Continuous access to the re-activated quarry site originally used by Kitinuna for extraction of up to 1,000 cubic meters of gravel per season for an additional two (2) years
2. Associated NPC File No: 149407; Related NIRB File No. 20QN023
3. Location: Kitikmeot Region (Cambridge Bay)

A complete description of the project proposal reviewed by the Nunavut Planning Commission (NPC) can be accessed online using the link below.

The NPC has completed its review of the above noted project proposal. The NPC previously reviewed works and activities associated with the current project proposal and a decision was issued on September 23, 2020 (NPC File No.: 149407) that it is outside the area of an applicable regional land use plan.

In addition, works and activities associated with the current proposal were previously screened by the Nunavut Impact Review Board (NIRB File No.: 20QN023).

The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the original or previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:

This decision applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required.

If you have any questions, please do not hesitate to contact me at (867) 983-4625.

Sincerely,
