

**WILDLIFE EASTERN ANIMAL CARE COMMITTEE
PEER REVIEW CERTIFICATION**AUP # 21MP01 / 22MP01**Certificate of Scientific Merit****Study Title:**

'Kaujivalliajut nillikulunnik | Getting to know little geese.'

Principal Investigator:

Meredith Purcell

The Canadian Council on Animal Care (CCAC) (www.ccac.ca) requires the Wildlife Eastern Animal Care Committee to ensure that scientific merit review has taken place for all research proposals involving animals. This form hereby certifies that the above proposal has been peer reviewed and found to have scientific merit. The Designated Director from Environment and Climate Change Canada certifies that the above proposal was peer reviewed by two independent scientists (when peer review was not part of the funding process) or that the proposal was peer reviewed by an external funding agency (peer review was part of the funding process). This form also certifies that the Designated Director has documentation of the peer review process and will maintain those records of the peer review as required by the CCAC.

Peer Review as Part of Funding Process**Peer Review Not Part of Funding Process****External Funding Agency:****External Peer Reviews on File:** ☒ Yes ☐ No**Peer Review Confirmation Letter on File:**☐ Yes ☒ No**Certification of Scientific Merit**

I certify that the research proposal has been peer reviewed and found to have scientific merit
