	<b>NPC REGISTRY FILE #</b>	<b>SECTION OF THE SUBMISSION</b>	<b>YOUR RESPONSE/COMMENT</b>
<b>1</b>	<b>21-175E</b>	Submission QWB 2023-D-22 Updated from 2018 QWB Written Submission No. 02 Walrus Haul-outs (Ulliit) on Ice, Dundas Island	QIA identified marine wildlife habitat of importance in Section 3.5 of our submission to NPC (21-176E). In addition, QIA is supportive of areas identified as important wildlife habitat by Inuit communities, and supports portions of this QWB submission that do not overlap with Tallurutiup Imanga National Marine Conservation Area.
<b>2</b>	<b>21-175E</b>	Submission QWB 2023-D-23 Updated from 2018 QWB Written Submission No. 04	QIA identified marine wildlife habitat of importance in Section 3.5 of our submission to NPC (21-176E). In addition, QIA is supportive of areas identified as important wildlife habitat by Inuit communities, and supports portions of this QWB submission that do not overlap with Tallurutiup Imanga National Marine Conservation Area.

		Walrus Calving and Post-calving Areas, East of Bathurst Island	
3	21-175E	Submission QWB 2023-D-24 Updated from 2018 QWB Written Submission No. 13 Polar Bear Denning, Emergence and Mating Areas	QIA identified marine wildlife habitat of importance in Section 3.5 of our submission to NPC (21-176E). In addition, QIA is supportive of areas identified as important wildlife habitat by Inuit communities, and supports portions of this QWB submission that do not overlap with Tallurutiup Imanga National Marine Conservation Area.
4	21-174E	Submission QWB 2023-C-16 Updated from 2018 QWB Written Submission No. 03 Community Areas of Interest – Wildlife Harvesting Areas (Walrus), Clyde River, Grise Fiord, Pond Inlet and Sanirajak	QIA identified that community harvesting areas should be protected in Section 3.6 of our submission to NPC (21-176E) and submitted community harvesting areas jointly with QWB (21-168). In light of our ongoing rationale for supporting protection for important community harvesting areas, QIA supports portions of this QWB submission that do not overlap with Tallurutiup Imanga National Marine Conservation Area.
5	21-174E	Submission QWB 2023-C-20 Updated from 2018 QWB Written Submission No. 28 Community Areas of Interest – Wildlife Harvesting Areas (Sea-run Fish), All Communities in the Region	QIA identified that community harvesting areas should be protected in Section 3.6 of our submission to NPC (21-176E) and submitted community harvesting areas jointly with QWB (21-168). In light of our ongoing rationale for supporting protection for important community harvesting areas, QIA supports portions of this QWB submission that do not overlap with Tallurutiup Imanga National Marine Conservation Area.
6	21-174E	Submission QWB 2023 – C-21 Updated from 2018 QWB Written Submission No. 36 Community Areas of Interest – Wildlife Harvesting Areas (Cornwallis and Bathurst Islands), Resolute Bay	QIA identified that community harvesting areas should be protected in Section 3.6 of our submission to NPC (21-176E) and submitted community harvesting areas jointly with QWB (21-168). In light of our ongoing rationale for supporting protection for important community harvesting areas, QIA supports portions of this QWB submission that do not overlap with Tallurutiup Imanga National Marine Conservation Area.
